ROBBERY OF ROOMING HOUSES

Three Rooming Houses Are Entered By Thief Who Searches Rooms and Gets Valuables.

Sometime early Sunday morning Dr. Hawkins' residence, Mrs. Curry's and Mrs. Wallace's rooming houses were entered by a burglar who made quite a haul.

He got the largest amount at Mrs. Wallace's house. He entered the bedrooms that were unlocked. At this place Roxy Wilson was relieved of a new \$50 watch and \$45 in money. Ora Huffman lost \$4.00 and J. C. Gage, a small amount. About 4 o'clock Mr. Gage heard someone in the hall but thought it was a call boy and did not investigate.

At Mrs. Curry's the marauder took E. V. Beebe's purse, containing \$11.00, took the money and left the pocketbook in the bath room. John O'Connell's pockets were searched but nothing was in them of value. Mr. McConnell awoke about 4 o'clock and saw that a light was burning, which he was sure that he had turned out when he retired. It was probably turned on by the burglar.

At Dr. Hawkins' home a roomer was relieved of \$5.00. The person was evidently acquainted with the places he visited.

WORK ON M. E. CHURCH TO BEGIN AT ONCE

The contract for the excavation of the lot of the M. E. church has been let to George Baldrige and the men began working on it, Monday afternoon. The bids for the general building will be in by April 21, and then the work proper will begin.

This will be good news for everybody because this building has been needed for such a long time. The Sunday school especially has been so crowded that the teachers had difficulty in managing the classes.

This is a movement in which everyone should be interested. Everyone likes to live in a town of good churches because they help to make a town.

The church members have seen the need of a new church for a long time and are using all of their energy to raise funds to begin the building.

NATURE CURES, THE DOCTOR TAKES THE FEE

There is an old saying that "Nature cures, the doctor takes the fee," but as everyone knows you can help Nature very much and thereby enable it to effect a cure in much less time than is usually required. This is particularly true of colds. Chamberlain's Cough Remedy relieves the lungs, liquefies the tough mucus and aids in its expectoration, allays the cough and aids Nature in restoring the system to a healthy condition.—Adv.

ALL FOR THE LOVE OF MONEY

Mary Morrison Chitwood, of Monett, has just published her first book of fiction, "All for the Love of Money." Mrs. Chitwood dedicated her production to the boys and girls of Missouri. The object of the book is to warn fond mothers and fathers, as well as boys and girls of the pitfalls which await the one who steps aside from the path of rectitude.

The author shows throughout the most interesting story a high idealism, love of nature and appreciation of her beauties, as well as a deeply religious undertone. It is a wholesome book, which is well worth one's time to read.

The story deals with the only son of a fond father and mother who goes away from home to attend college with the sole purpose of having a good time. This he does in a way that brings disaster to himself and everyone who has dealings with him. There is an interesting plot worked out in the book.

Mrs. Chitwood has two other books ready for the press, one a book of poetry. It is her aim to use the proceeds to found a home for poor and orphan girls where they can be educated for a useful and nappy life.

The price of "All for the Love of Money" is \$1.00 per copy and it can be secured by addressing the author, or C. H. Morrison, Aurora, Mo. It is also on sale by the Monett Drug Co.

Farmers and others who live at a distance from a drug store should keep in the house a bottle of BAL-LARD'S SNOW LINIMENT. It may be needed at any time for cuts, wounds, sores, sprains or rheumatism. It is a powerful healing and penetrating remedy. Price 25c, 50c and \$1.00 per bottle. Sold by Corner Pharmacy.—Adv.

EPWORTH LEAGUERS HAVE EASTER PARTY

The Epworth League of the M. E. church was given a party Saturday night that they will not forget soon. There had been a penny contest in the League that ended the 1st of April and the losing side had charge of the and the losing side had charge of the entertainment.

There was a committee to arrange the games and they certainly showed their ability to get up the kind that pleased. The jollity included an egg hunt and games that displayed physical and mental skill. The game that created the most fun was one in which the guests sat in a circle and wrote a biography of the one sitting at the right. Earl Martin wrote the best biography according to the judges and received the prize, an Easter basket.

Following the games the refreshment committee served ice cream and wafers.

If ever a bunch of young folks showed their willingness to entertain when they were beaten, these Epworthians did. The boys worked hard before and after the party to arrange the seats so there would be room in which to play but were richly rewarded when the winning side said, they had enjoyed every minute of the evening and thought the entertainers a jolly bunch of good fellows.

CONSTIPATION and INDIGESTION

These are twin evils. Persons suffering from indigestion are often troubled with constipation. Mrs. Robert Allison, Mattoon, Ill., writes that when she first moved to Mattoon she was a great sufferer from indigestion and constipation. Food distressed her and there was a feeling like a heavy weight pressing on her stomach and chest. She did not rest well at night, and felt worn out a good part of the time. One bottle of Chamberlain's Tablets corrected this trouble so that she has since felt like a different person.—Adv.

EVENING RECEPTION

Mrs. Chas. H. Ring was hostess to the Womans Missionary Union and numerous friends, Friday evening. The assistants were Mesdames Chapell, Gerhard, Buckley and Gabriel. The names of these ladies with that of the hostess, would assure all who know them, a most delightful occasion. The sessions of the Missionary Union are held in the afternoon, but on account of the funeral of Mr. Ball, the time was changed, hence the program was somewhat changed.

After roll call and reading minutes, Mrs. Bridwell read the foreign mission lesson which treated of present conditions in India. The home lesson was dispensed with and the time used to hear reports from the Presbyterial at Webb City, from Mesdames Ring and Buckley, who represented the Womans Union at the convention. The reports were of special interest at they gave an insight of the year's work. Mrs. Burke talked of the conditions at the Osage Iron Works, Camden county, in a very entertaining talk.

Our young friends rendered some most excellent music which was appreciated and Mrs. Hawkins gave a reading in her humorous way, which was a complete success. After this came a very pleasant social good time and a splendid table luncheon which brought to a close one of the Union's very best affairs.
